

land totaling approximately 68 acres. Current use and present condition is vacant grassland with intermittent wetland areas. The land is currently zoned residential. Parcel 15A was acquired under FAA Project No. 8-26-0051-02. Parcel 62 was not acquired with federal funds. There are no impacts to the airport by allowing the airport to dispose of the property. The airport desires to enter into a long-term lease to provide a long-term revenue source, or to sell the property. Approval does not constitute a commitment by the FAA to financially assist in the disposal of the subject airport property nor a determination of eligibility for grant-in-aid funding from the FAA. The disposition of proceeds from the disposal or lease of the airport property will be in accordance FAA's Policy and Procedures Concerning the Use of Airport Revenue, published in the **Federal Register** on February 16, 1999.

In accordance with section 47107(h) of title 49, United State Code, this notice is required to be published in the **Federal Register** 30 days before modifying the land-use assurance that requires the property to be used for an aeronautical purpose.

This amends the **Federal Register** Notice published on September 1, 2005 to allow the County of Jackson, Michigan, the option to sell or lease the property requested to be released.

DATES: Comments must be received on or before January 30, 2006.
